

# Saving energy means saving money.

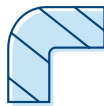

TVA EnergyRight® is here for all your home energy needs.

Get better energy efficiency at a better price with home energy rebates worth up to \$1,500.

## HVAC system

Up to \$1,500

## Duct system

\$300

## Water heating

\$800

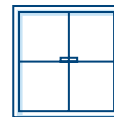

## Air sealing

\$300

## Insulation

Up to \$300

## Windows

\$15 per window

## Get your home energy rebate in 3 easy steps.

### 1. Find a contractor.

Search our Quality Contractor Network to find a TVA-vetted, licensed and insured contractor to perform your upgrade.<sup>1</sup>

### 2. Complete upgrade.

Once your upgrade is complete, your contractor will submit your rebate to TVA EnergyRight for processing.

### 3. Claim your rebate.

Look for an email from TVA EnergyRight with your redemption code to claim your rebate.

Explore all available rebates at [EnergyRight.com/Rebates](https://www.energyright.com/rebates).

# Become a home energy pro with these helpful resources.

## Quality Contractor Network

Find licensed and insured TVA-vetted contractors for home energy upgrades or emergency repairs.
